

# 6" SCREW

## Center Discharge

### Specification

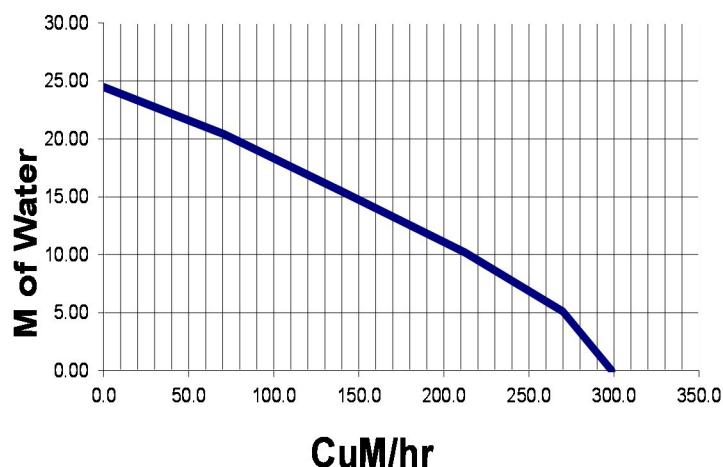

Max water head	24.5 M
Max Water flow	300 M <sup>3</sup> /hr
Solids Handling	65 mm
Powerpack	35 Hp
Hydraulic Flow	60 l/min
Hydraulic pressure	175 bar
Max Hyd pressure	240 bar

### Dimensions

L575mm W 575mm H 1200mm  
Weight 158 kG

### FEATURES

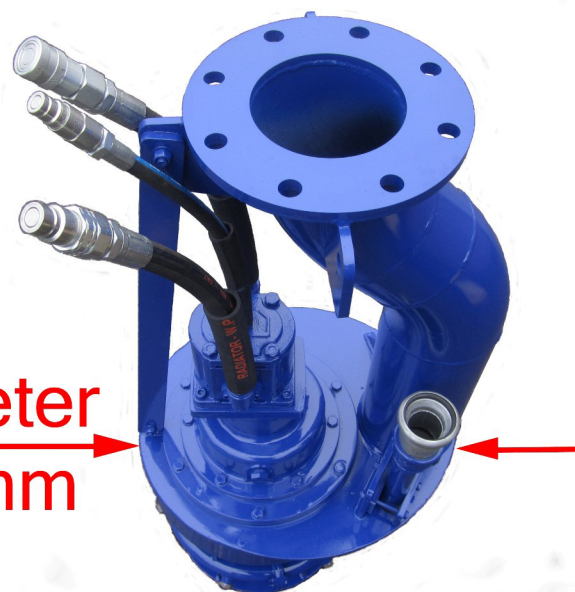

Excellent Solids handling  
Stainless wear plates , strong Lift Frame  
High Pressure motor, Biodegradable oil  
Dry Running - Oil lubricated Mech seal  
No risk of Electric shock or Explosion  
Full Spares backup on all parts  
Easy Maintenance

Jetting Ring

150PN16

diameter  
575mm
